DETROIT, October 20.—The arrival of the propeller Brooklyn, of the Northern Transportation Line, yesterday, brought the intelligence, according to the statements of the Captain, that two more boats of the lost steamer R. G. Coburn had been picked up on Lake Huron, containing eighteen persons, and that they had been transferred by the veasel which had picked them up to the propeller S. D. Caldwell, and were on their way to Mackinsw. Mackinaw.

This morning the following dispatch was received:

To Capt. Eben Ward, of Detroit:
The following men from the R. G. Coburnare at Mackinaw: W. S. House, Second Mate, H. M. Rhodes, of Windsor, T. Martin, of Mahoning, Jas. Warwich, watchman, F. Munnford, Charles Miller, Jas. Ludner, colored and R. Rilly, passen ger. The news comes by the steamer

By most persons the inference is drawn from this dispatch that only one boat was picked up in addition to that first found and that the second boat was left at Mackinaw by the Caldwell. The Caldwell and the Magnet bring intelligence of it to Marine City. The Captain of the Brooklyn may easily have confused the boats somewhat, and supposed that two additional boats had been saved, whereas one was rescued in addition to the first one. Further inin addition to the first one. Further in-telligence, of course, is awaited with the

A Palse Report Corrected. Cmcago, October 20.—Dipatches re-ceived here from New York state that a umor is in circulttion there to the effect that all the banks in Chicago have sus-pended. Nothing could be farther from the truth. The banks are not only doing business, as usual, but as before stated in these dispatches are nearly all receiving large amounts on deposit. The vast magnitude of the work of clearing away the ruins and rebuilding Chicago is proving an important means of relief to the mechanics and laborers, who are now finding plenty of employment at good wages. The average wages of laborers is \$1.75 per day: carpenters, \$3.00 to \$3.50, brick-layers, \$3.00 to \$3.55. The members of the Chicago Bricklayers Union have demanded an increase of wages. Many members have struck, and refused to work. The contractars have refused to yield to the strikers, as there are large numbers of bricklayers here clearing away the ruins and rebuilding
